Electrofusion Peel Decohesion Test Form

GBC Testing Limited
12b Croskery Road,
Papakura, Auckland 2110
Phone: +64 9 299 3640
Mobile: +64 21 329 433
admin@gbctesting.co.nz

Identification Number (GBC internal use only)	
Specific Test Required:	ISO13954:1997 Plastic pipes and fittings – Peel decohesion test for polyethylene (PE) electrofusion assemblies of nominal outside diameter greater than or equal to 90mm.
Project Name:	
Order Date:	
Customer Name:	
Order Number:	
Date of Weld:	
Time of Weld:	
Welder Name:	
Welder I.D.:	
Pipe Material:	
Pipe Size and SDR rating:	
Pipe Manufacturer:	
Fitting Manufacturer:	
Fitting Size and SDR rating:	
Weather Conditions During Weld:	
Contact person for results:	
Email address for results:	
Permission to dispose test specimens after test is complete:

Electrofusion Peel Decohesion Measurements

Pipe Side 1: Diameter A to A: (GBC internal use only)	
Pipe Side 1: Diameter B to B: (GBC internal use only)	
Mean Diameter Side 1: (GBC internal use only)	
Ovality Pipe Side 1: (GBC internal use only)	
Pipe Length 1: (GBC internal use only)	
Pipe Side 2: Diameter A to A: (GBC internal use only)	
Pipe Side 2: Diameter B to B: (GBC internal use only)	
Mean Diameter Side 2: (GBC internal use only)	
Ovality Pipe Side 2: (GBC internal use only)	
Pipe Length 2: (GBC internal use only)
